Fracesttown - Planning board.
27 Main Street Fracesttown, NH 03043

Dear Planning Board Members:

Pursuant to RSA 231:158.

This letter is a request for a public hearing for the purpose of both trimming and removal of vegetation for the installation of new equipment. This work is necessary to ensure the safe distribution of power and to improve reliability of electric service for our customers.

For equipment to be installed safely we will need to clear a safety zone of 15 feet above primary, 10 feet to the side of primary and undergrowth shall be ground cut.

This may require us to also remove trees above 15" circumference. Trees larger than 4.77" diameter or 15" circumference per RSA will be marked with a blue checkerboard flagging specific to Eversource. Trees will only be designated for removal upon both landowner and town approval. Anything under 4.77" will be considered trimming.

According to Eversource records: 2nd Nh turnpike, Cross road, Woodward Hill Road, Avery Road, Old Country Road South, and Clarksville Road are designated as a scenic road by the Town.

Please inform this office of the date, time, and place of said meeting so that we may have a representative present. Please inform this office of your preference and any additional requirements.

Eversource requires that our trimming/cutting contractors contact each landowner where trees are to be trimmed or removed prior to commencement of work on that property. Individual concerns will be addressed at this time. All work will be performed in accordance with accepted arboricultural standards.

Upon completion these new lines and equipment will be considered established and will require routine maintenance. Subsequently this will be added to our routine maintenance cycle.

The work is expected to take the remainder of the year to complete; however, may extend into the first/second quarter of 2027. If you have any questions or comments, please feel free to contact me, by U.S mail at 44 west Pennacook street Manchester NH 03104 , email at Randy.Marcotte@Eversource.com. or telephone at 603-309-6524.

Thank you for your assistance.

Respectfully

Randy Marcotte Regional Distribution Arborist Vegetation Management
